HOLSTER FOR FN HERSTAL FNP-45 4-1/2" DESANTIS HOLSTER

With the Thumb Break Scabbard FN Herstal FNP-45 4-1/2" Holster the firearm rides high and is presented at an optimum draw angle. Its thumb break and exact molding, together with a tension device, allows for a secure and highly concealable carry. This picture illustrates the 3-slot model. Belt slots are 1-3/4" wide. Available in black or tan leather, with or without suede lining, plain or basket-weave finish. DeSantis Holster, (800) 424-1236, www.gunsmagazine.com/desantisholster

BENELLI M4 SINGLE POINT SLING ATTACHMENT GG&G

The Benelli M4 Single Point Sling Attachment's rectangular slot is fully de-burred to decrease friction between the webbing and the steel sling attachment. The low profile slot will accommodate sling webbing up to 1-1/4" wide. Installation requires rear stock removal and reinstallation. A special tool, designed, developed and manufactured by GG&G is required for this procedure and is included along with complete instructions. In field tests, installation took between 20 and 30 minutes to complete. GG&G (800) 380-2540, www.gunsmagazine.com/ggtacticalproducts
